#### Brief News Items

**Rimstone's web site:** [www.rimstone.org.au](http://www.rimstone.org.au) — Changes have been made from time to time lately, and the directors review and update content at each director's meeting. However, it has been down for the last few days due to technical glitches with the ISP in Europe. Hopefully this will be rectified soon. Whilst the web site is down, the email addresses [xxx@rimstone.org.au](mailto:xxx@rimstone.org.au) do not work.

**Homeleigh Bookings** (whilst the web site is down) – please revert to email or phone booking as follows: Until Monday 18 August, phone Homeleigh (number above with members in residence). After 18 August, email to Lou Williams: [louwilliams1943@yahoo.com.au](mailto:louwilliams1943@yahoo.com.au) (for the next few days until we advise that the problem is fixed).

**Working Bee** report (June 2008) – Was attended by a good team of strong and willing workers. Starting with a task list of nearly 30 jobs, most were completed in 2 days, leaving the third day for R&R “strolling” around the Potholes area. (walking to Dalley's and back). Two bedrooms are being completely renovated with new plaster walls and ceiling, and now only need a couple of final coats of paint to complete. So the next 2 rooms are being lined up.

**Homeleigh capital works.** There are several capital works projects either under way, or under consideration. Including the installation of the solar hot water system to save us some money on gas consumption. More details at the AGM.
